

Viewing a MSDS via the Sigma-Aldrich Web-Site

1. www.sigma-aldrich.com/canada

NOTE: To view an MSDS, you must:

- ✓ Be logged on.

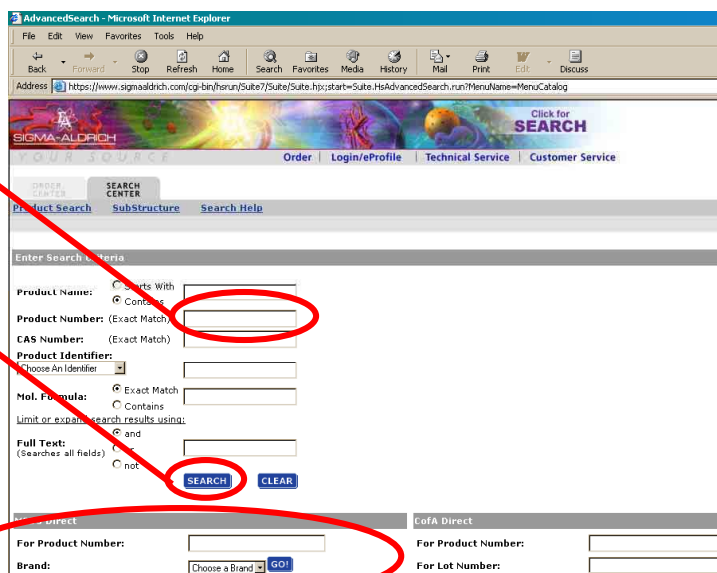

2. Click

3. Enter the Sigma-Aldrich product number in the 'Product Number' field (do not include a size).

4. Click the **SEARCH** button

NOTE: Alternatively, an MSDS can be immediately accessed using the MSDS Direct Section of the Search Centre. The Brand does not need to be selected (the subsequent screen will offer your choices).

5. Skip the following two steps if 'MSDS Direct' has been selected.

Viewing a MSDS via the Sigma-Aldrich Web-Site

6. Click on the relevant product number in the pane on the right.

NOTE: You will be taken to a more detailed product information section. Here you can access a range of information and documents about the selected product.

Score	Product No.	Description
100%	T1503	Trizma® base, Primary Standard and Buffer minimum 99.9% (titration) crystalline THAM, Trometamol, 2-Amino-2-(hydroxymethyl)-1,3-propanediol, Tris base, 77-86-1, C ₄ H ₁₁ NO ₃ , MFCD00004679

7. Click the MSDS link in the pane on the left to display an MSDS.
