

# Sigma-Aldrich® [e]commerce Solutions

## How to view your institution's MISSION® shRNA pricing & validation information on the Sigma-Aldrich website

### Here's how to register:

- 1) Visit the Sigma-Aldrich website at [sigma-aldrich.com](http://sigma-aldrich.com) and select "Register" at the left-hand top of the page.
- 2) Complete your contact and login information. The profile registration form will contain both required and optional fields. Be sure to check "Yes" to confirm that you'll be ordering products or requesting quotes online to ensure that any contract pricing is loaded to your profile.

All required fields are noted with a red star. Please enter all of the information requested for the registration form. This information will be used to automatically fill in your order form fields, customer and technical service queries, and literature request forms. *(Time spent completing your mailing and shipping address now results in time saved later when placing orders or making other requests.)*

- 3) Confirm that your e-mail address is entered correctly. The system uses your e-mail address to send messages about the status of your registration and orders placed. A single incorrect letter can result in failed delivery of e-mails.
- 4) Select your own Login Name and Password. User names and passwords are case sensitive. Please be sure to choose something that is memorable. Once your registration has been activated, *your User Name cannot be changed*. However, you will be able to change your password at any time. If you forget your password, do not re-register. Please contact your local Sigma office if you need any assistance.
