

Technical workshop:

LNA and Quantitative PCR

Monday, May 4
h. 10:30 – 12.00

Main Topics

Location:
IRCC - Candiolo
Aula K
S.P. 142 - KM 3.95
Candiolo (TO)

Speaker:

Dr Tania Nolan
Sigma-Genosys - UK

- QPCR Assays: Design, Optimisation and Normalisation Considerations
- Quality control and Trouble-shooting QPCR assays
- LNA - a tool to improve the specificity and sensitivity of your QPCR assay

Secondary Topic

- TRC2: The RNAi Consortium - Phase 2

Please reserve your seat on-line at www.sigma.com/qpcrseminars
