

Antibodies - With That Sigma® Service

Quality - Delivery - Range - Performance

Sigma-Aldrich now offers over 16,000 antibodies including:

- More than 8,000 antibodies for cell signaling and neuroscience
- Almost 4,000 Prestige Antibodies - highly characterized with immunohistochemical data presented at the 'Human Protein Atlas'
- 3,800 newly introduced mouse monoclonals raised against human proteins validated for immunoblotting and ELISA
- Over 450 secondary antibodies and conjugates
- Delivering the same quality and service you experience with all Sigma-Aldrich products

Sigma[®] Antibody NO RISK TRIAL

Search by:

- Common name
- Gene symbol
- Alternate Name
- Biological Pathways
- Metabolic Pathways
- Disease
- Tissue
- Cellular Components

sigma.com/yfg

Few if any antibodies can be guaranteed to work in all applications. That is why Sigma Antibodies come with a **NO RISK TRIAL** Guarantee. If a Sigma antibody does not give you the result you expect you will get a **FULL REFUND**.

How do you use the Sigma Antibody No Risk Trial?

Simply place your order for the antibody as normal, adding promo code **X56** to your order.

What will you get?

You will receive the antibody with a 5% discount* and a **NO RISK TRIAL** Guarantee.

What happens if the antibody does not give the expected result?

Simply contact us on Eircustsupport@sial.com. Please include your original order number or delivery note reference number and you will get a **FULL REFUND** unconditionally! (even if you have used it in an untested application).

How do you find the antibody of interest?

- Simply go to sigma.com/yfg and enter the Gene ID
- Select your antibody from the products listing

Any restrictions?

- *Excludes Prestige Antibodies
- Valid until 31 December 2009
- Cannot be used in conjunction with any other offer
