

SCIENCE @ WORK

Molecular Biology Promotion*

Demand for High Purity reagents and Innovative products in molecular research are ever increasing. **Sigma Life Science** now offers such products at **Affordable prices**. Assuring researchers of consistent Sigma Quality with reproducible results every time.

Please Use Reference Code **T64** for enquiries on prices and ordering.

**Enjoy from 5% up to 35 % OFF
Limited Period only!**

- * Selected Products as stated in this flyer
- * Reference **Promo Code T64** when placing order
- * Offer expires **30th September 2008**
- * Terms & Conditions apply (see below)

Product Code	Description
Normal Taq Polymerase	
D1806	Taq DNA Polymerase Pack Size: 250UN, 1.5KU, 10x1.5KU, 20 x 250UN
D4309 Ready To Load	RedTaq DNA Polymerase Pack Size: 50UN, 250UN & 1KU
D8312	RedTaq Genomic DNA Polymerase Pack Size: 250UN, 1KU & 2.5KU
D2812	RedTaq Genomic DNA Polymerase <u>without MgCl2</u> Pack Size: 250UN, 1KU & 2.5KU
Long & Accurate PCR	
D8045	AccuTaq-LA DNA Polymerase, Pack Size: 125UN, 500UN & 1.5KU
D4812 Ready To Load	REDAccuTaq LA DNA Polymerase Mix Pack Size: 250UN
D5062	KlenTaq LA DNA Polymerase Pack Size: 125UN, 500UN & 1.5 KU
Repair/Restore Your Damaged DNA	
R1028	Restorase[®] DNA Polymerase Pack Size: 50 & 100 rxns
Minimise Contaminating DNA	
D7442	MTP[™] Taq DNA Polymerase Pack Size: 50UN, 250UN & 500UN
Jumpstart Your PCR	
D9307	Jumpstart Taq DNA Polymerase Pack Size: 50UN, 250UN & 1.5KU
D8187 Ready To Load	Jumpstart REDTaq DNA Polymerase Pack Size: 250UN & 2.5KU
D5809	JumpStart AccuTaq LA Polymerase Pack Size: 125UN & 500UN
D1313 Ready To Load	JumpStart REDAccuTaq DNA Polymerase Pack Size: 50UN & 250 UN

"Sigma's JumpStart[™] Taq DNA Polymerase works great! We use it for almost all of our reactions. By using an antibody-mediated hot-start, I have minimized non-specific amplification and increased my target yield."

~ Nannan Liu, Ph.D., Associate Professor of Molecular Toxicology of Auburn University ~

"I am always confident of the data I generate with Sigma's Taq[™] DNA Polymerase. I get the same great performance with my PCR every time I order....great consistency, excellent results!"

~ MaryAnn Karp, Department Plant Sciences of Cornell University ~

"Sigma's JumpStart[™] REDTaq[™] ReadyMix[™] PCR Reaction Mix has helped me generate great data and quickly! It gives excellent specificity and yield when applied to high throughput genetic screening of small amounts of mouse-tail tissue. The fewer number of steps in the PCR procedure result from having the red tracking dye, buffer and dNTPs, already in the mix, cutting the process time in half."

~ Andrew J. Paterson, Medicine / Endocrinology, Diabetes and Metabolism of University of Alabama at Birmingham ~

Product Code	Description
Reverse Transcription Enzymes & Kits	
A4464	Enhanced AMV (eAMV) Reverse Transcriptase Enzyme Pack Size: 500 UN & 1KU
STR1-1KT	First Strand Synthesis Kit –50 reactions with eAMV
HSRT100	Enhanced AMV HS RT-PCR Kit- High Sensitivity
R9376	AMV Reverse Transcriptase Enzyme Pack Size: 500UN & 1KU
M1302	MMLV Reverse Transcriptase Enzyme Pack Size: 40KU
AMPD1-1KT	DEOXYRIBONUCLEASE I, KIT AMPLIFICATION GRADE
O4387-.1ML	Oligo dT Primers
Real Time PCR Reagents for Capillary reactions	
S1816	SYBR [®] Green JumpStart [™] Taq ReadyMix [™] for Quantitative PCR Pack Size: 100 & 400 rxns
QR0200-1KT	Quantitative RT-PCR Ready Mix
Whole Genome Amplification (WGA) in 4 Hours	
WGA2	GenomePlex Complete WGA Kit New Pack Size: 10 & 50 rxns
WGA4	GenomePlex Single Cell WGA Kit New Pack Size: 10 & 50 rxns
WGA5	GenomePlex Tissue WGA Kit New Pack Size: 10 & 50 rxns
Whole Transcriptome Amplification (WTA) in 4 hours	
WTA1	Transplex Whole Transcriptome Amplification Kit Pack Size: 10 & 50 rxns
Others	
UVS1-1KT	Universal Vectorette System
DNTP10	dNTP SET, 10 MM, 0.5 ML EACH
DNTP100	dNTP SET, 100 MM, 0.25 ML EACH
DNTP100A	dNTP, 100 MM, 1.0 ML EACH
B0300	BETAINE, 5M Pack Size: 1 & 5 Vials
D9170	DMSO for PCR Pack Size: 1 & 5 Vials

Terms & Conditions:

- Offer valid till 30th September 2008
- For Singapore customers only
- Promotion Code **T64** must be quoted at time of order to qualify for the offer.
- For phone inquiries, the promotion code must be quoted with the product numbers.
- For faxed and postal orders, the promotion code must be entered beside the product number for which the offer applies.
- For orders via the internet, the promotion code must be entered in the [Promo Code] box next to the product numbers.
- We regret we are unable to credit the offer value when the promotion code is not quoted at the time of the order.

Send inquiries or orders specific to this promotion to:
